24TH INTERNATIONAL CONGRESS OF VEDANTA
UNIVERSITY OF MASSACHUSETTS, DARTMOUTH, USA
JAWAHARLAL NEHRU UNIVERSITY, NEW DELHI

JANUARY 10-12, 2020

VENUE: CONVENTION CENTRE, JAWAHARLAL NEHRU UNIVERSITY

CALL FOR PAPERS

The organizers cordially invite Abstract and full-length research Papers for oral/poster presentation from all over the World to participate in the 24th International Congress of Vedanta. The aim is to get the philosophers, scientists, educators, academia, researchers and scholar students to exchange and share their knowledge, new ideas, research results and experiences. All contributions should be of high quality, original and not published elsewhere or submitted for publication. All the papers will be reviewed by eminent scholars in the respective areas. Only selected papers will be presented in the Conference. In case the research article is accepted by the Editorial Committee, it will be published in an Edited Volume.

CONFERENCE THEMSE

International Congress of Vedanta, founded in 1986 in the Department of Philosophy at Miami University, Oxford, Ohio, USA, is now located at the Center for Indic Studies, University of Massachusetts, Dartmouth, USA. The Vedanta Congress will continue to be the Program Planner for the future conferences but the organizational details of the conference will be handled in the Center for Indic Studies of University of Massachusetts, Dartmouth, USA. In 2008, Jawaharlal Nehru University signed a Memorandum of Understanding (MoU) with University of Massachusetts, Dartmouth. Besides the exchange of Faculty and research scholars between the two Universities, it has also been agreed that the Congress of Vedanta will be held at Jawaharlal Nehru University after every fourth year. The 22nd Vedanta Congress was held at Jawaharlal Nehru University in the year 2015 and the Organizing Committee of the Vedanta Congress has decided that the 24th Vedanta Congress will be held at Jawaharlal Nehru University from 10th to 12th Jan. 2020.

International Congress of Vedanta has been the focal point for meeting of scholars specializing in all aspects of Indian philosophy especially Vedanta and philosophy of religion. In the past, the Congress has also celebrated the birth centennial of S. Radhakrishnan (1988), the 1200 anniversary of Sri Sankaracharya (1990), the centennial of Swami Vivekananda's sojourn to America and his participation in the World Parliament of Religions (1992), birth centennial of J. Krishnamurti (1995), and the 700 anniversary of Sanjeevan Samadhi of Sri Jnaneswara (1996). International Vedanta Conferences were also held in Madras, Rishikesh, Hyderabad and Visakhapatnam in India and in Port-of-Spain, Trinidad & Tobago, in order to facilitate better interaction between scholars in India and the West.

Vedanta Congress welcomes for presentation in the conferences research papers in all areas of philosophy in India and religions. Though the first Vedanta Conference began with a narrowly focused group for the study of Vedantic texts and their interpretation, the scope of the Vedanta Congress was expanded during the years to include (a) all major schools of Vedanta (Advaita, Visistadvaita, Dvaita, Suddhadvaita, etc.), Hindu, Buddhist and Jaina Darsanas, Epics, Puranas and Dharma Sastras, (b) applied Indian philosophy, dealing with contemporary issues like abortion and euthanasia, war and peace, caste and race, karma and cloning and (c) Indian philosophical implications of recent developments in mathematics, life sciences, cognitive science, etc.

In the past conferences, in addition to the mainstream papers in Vedanta, physicists have presented papers on the "Brahman of Physics," medical researchers have presented papers on advances in medical research and their implications to Vedantic problems (e.g. Cloning, transgenesis, Karma and Rebirth), environmental scientists have presented papers on the Vedantic concept of human-nature relationship and its implications for our environment, etc. It is in this perspective that papers on Practical Vedanta will be beneficial to conference attendees who would like to get some guidance in dealing with today's fast-paced and stressful life. Various schools of Vedantic philosophy (metaphysics, knowledge and hermeneutics) and life world are also included into the event.

Other topics include:

1. Science and Technology in Ancient Indian Texts (SATIAIT)
2. Interpretation of Key Texts of Indian Intellectual Tradition
3. Digital libraries, electronic access and search for the texts of Vedantic tradition
4. Yoga and Ayurveda
5. Spirituality and Science: Vedantic Perspective
6. Vedanta and Interfaith Dialogue
7. Indian Cosmology and Psychology - Sankhya Yoga and Vedanta
8. Vedantic Pedagogy of Learning and Education
9. History, Vedanta and Indian culture
10. Vedanta and Varna system
11. Corporate world and Vedanta
12. Vedanta and Public Governance
- Vedanta and music
13. Vedanta and Consciousness Studies
