

### **Information Technologist position**

Institute of Advanced Sciences (IAS) and Prime Bio, Inc. (Dartmouth, USA) have joint opening for an Information Technologist. The position will be based in India working on the computation and technological needs of both IAS and PBI, including entities in India. The position requires designing and maintaining websites, providing technical support to computer hardware and software issues related to local and distance teaching and learning technologies, and coordinating and developing electronic publication sites.

A suitable candidate will have a bachelor's or Master's degree or diploma related to computational technology, and good command over English, and in at least one of the Indian languages. Experience and expertise in related work is desirable. Salary will be commensurate with qualification and experience.

Application package should include a statement of interest describing relevant experience, a curriculum vitae, names and contact information of 3 references, all submitted electronically to Professor Bal Ram Singh at [bsingh@inads.org](mailto:bsingh@inads.org). The screening and interviews will start on March 16, 2015, and will continue until the position is filled.

The Institute of Advanced Sciences (IAS; [www.inads.org](http://www.inads.org)) is a non-profit educational institution, and Prime Bio, Inc. ([www.primebio.net](http://www.primebio.net)) is a for-profit biotechnology company.
